

**IN THE UNITED STATES DISTRICT COURT  
FOR THE DISTRICT OF NEW JERSEY**

IN RE MERCEDES-BENZ EMISSIONS  
LITIGATION

Civil Action: 16-cv-881 (KM) (ESK)

**ORDER GRANTING FINAL  
APPROVAL OF THE MERCEDES  
CLASS ACTION SETTLEMENT AND  
REQUEST FOR ATTORNEYS' FEES  
AND COSTS, AND CERTIFYING  
NATIONWIDE SETTLEMENT CLASS**

**ELECTRONICALLY FILED**

Before the Court is Settlement Class Representatives' Motion for Final Approval of the Settlements under Rule 23(e)(the "Motion"). The Motion sought final approval of two class action settlements: (1) the "Mercedes Settlement" with Daimler AG and Mercedes-Benz USA, LLC (together, the "Mercedes Defendants"); and (2) the separate "Bosch Settlement" with Robert Bosch GmbH and Robert Bosch LLC (together, the "Bosch Defendants"). This Final Approval Order applies to the Mercedes Settlement only.

WHEREAS, the Court granted preliminary approval of the Mercedes Settlement (including all exhibits) on September 16, 2020 (the "Preliminary Approval Order"). The Preliminary Approval Order provisionally certified the Class, approved and directed the dissemination of notice to the Class, preliminarily approved the Mercedes Settlement, and addressed a date and time for the Fairness Hearing for the Court to consider whether the Mercedes Settlement should be finally approved as fair, reasonable and adequate, pursuant to Rule 23(e)(2) of the Federal Rules of Civil Procedure (Dkt. No. 304);

WHEREAS, because certain aspects of the Mercedes Settlement and Bosch Settlement are related, the Long Form Notice, Short Form Notice, and Supplemental Notice of Class Benefits (the “Class Notice Documents”), the claim form, and the Individual Release for the Mercedes Settlement that had been preliminarily approved by the Court were modified to address both the Mercedes Settlement and the Bosch Settlement. The Court approved those modifications on October 21, 2020, and directed notice be sent to the Class in the manner previously approved in the Court’s September 16, 2020 Preliminary Approval Order for the Mercedes Settlement (Dkt. No. 308);

WHEREAS, the Court, for the purposes of this Order, adopts all defined terms as set forth in the Mercedes Settlement;

WHEREAS, the Court finds that it has jurisdiction over the Action and the Parties for purposes of settlement and asserts jurisdiction over the Settlement Class Representatives for purposes of considering and effectuating the Mercedes Settlement;

WHEREAS, on July 12, 2021, the Court held a Fairness Hearing, at which time the Parties, and those who timely submitted their notices of intent to appear at the hearing, were given the opportunity to be heard in support of and/or in opposition to the Mercedes Settlement;

WHEREAS, the Court, having reviewed and considered all of the submissions, briefs, reports, declarations, and presentations made and submitted in connection with the Motion, and all of the arguments presented at the Fairness Hearing;

WHEREAS, this Court has fully considered the record and the requirements of law, and good cause appearing;

IT IS HEREBY ORDERED, ADJUDGED and DECREED that the Mercedes Settlement (including all terms of the Mercedes Settlement , the modified Class Notice Documents, the Claim Form, and the Individual Release) is hereby FINALLY APPROVED. The Court further finds and orders as follows:

1. This Court previously reviewed and approved the proposed methods for giving notice of the Mercedes Settlement to Class Members. The Court has again reviewed the Class Notice Program and finds that Class Members received the best notice practicable under the circumstances. The Court specifically finds that, as they were distributed, the Long Form Notice attached as Exhibit 2 to the Bosch Settlement, the Short Form Notice attached as Exhibit 1 to the Bosch Settlement, the Supplemental Notice of Class Benefits attached as Exhibit 3 to the Bosch Settlement, and the Claim Form attached as Exhibit 4 to the Bosch Settlement (Dkt. No. 306-2, Ex. A)--all of which, as noted above, also addressed the Mercedes Settlement—satisfied the requirements of Rule 23(c)(2), Rule 23(e)(1), and due process as to the Mercedes Settlement.

2. The Court finds that the Mercedes Settlement was entered into in good faith by experienced counsel and only after extensive arm's-length negotiations with the assistance of an experienced mediator. The Mercedes Settlement is not the result of collusion.

3. This Court finds that the requirements of Rule 23(a) are satisfied for settlement purposes only, as follows:

(a) Pursuant to Fed. R. Civ. P. 23(a)(1), the Class is so numerous that joinder of all members is impracticable;

(b) Pursuant to Fed. R. Civ. P. 23(a)(2) and 23(c)(1)(B), the Court determines that there are common issues of law and fact for the Class;

(c) Pursuant to Fed. R. Civ. P. 23(a)(3), the claims of the Settlement Class Representatives are typical of the claims of the Class Members; and

(d) Pursuant to Fed. R. Civ. P. 23(a)(4), the Settlement Class Representatives have fairly and adequately protected and represented the interests of all of the Class Members, and the interests of the Settlement Class Representatives are not antagonistic to those of the Class. The Settlement Class Representatives are represented by counsel who are experienced and competent in the prosecution of complex class action litigation.

4. The Court further finds that the requirements of Rule 23(b)(3) are satisfied for settlement purposes only, as follows:

(a) Questions of law and fact common to the Class Members, as stated above, predominate over questions that may only affect individual Class Members;

(b) A class action is superior to all other available methods for the fair and efficient adjudication of this controversy; and

(c) The Class is ascertainable.

5. The Court, having found that all requirements of Fed. R. Civ. P. 23(a) and (b)(3) have been satisfied for settlement purposes only, certifies the Class as follows:

A nationwide Class, including territories of the United States consists of all Persons who (1) on or before the Settlement Announcement Date owned or leased, and Registered, a Subject Vehicle, or (2) after the Settlement Announcement Date begin owning or leasing, and Register, a Subject Vehicle for which an Approved Emission Modification has not been installed.

The following entities and individuals are excluded from the Class: (a) the Mercedes Defendants' and their officers, directors, and employees; the Mercedes Defendants' corporate affiliates and corporate affiliates' officers, directors, and employees; their distributors and

distributors' officers, directors, and employees; (b) judicial officers and their immediate family members and associated court staff assigned to this case; (c) persons who have settled with, released, or otherwise had claims adjudicated on the merits against the Mercedes Defendants arising from the same allegations or circumstances as the BlueTEC Diesel Matter; and (d) all Persons otherwise in the Class who timely and properly excluded themselves from the Class as provided in the Mercedes Settlement.

6. A list of the Class Members who have timely opted out of the Class and who therefore are not bound by the Mercedes Settlement has been submitted to the Court as **Exhibit A**. That list is incorporated by reference herein. All other Class Members are subject to all provisions of the Mercedes Settlement and this Court's orders entering the Mercedes Settlement.

7. Pursuant to Rule 23(e)(2), the Court finds the Mercedes Settlement to be fair, reasonable, and adequate after due consideration of all of the factors listed in the Rule. Class Counsel and the Settlement Class Representatives have adequately represented the class and the Mercedes Settlement was vigorously negotiated at arm's length and with the assistance of a respected mediator, the Honorable Edward Infante (Ret.). The relief provided for the Class is adequate and the Mercedes Settlement treats class members equitably relative to each other, taking into account the costs, risks, and delay of trial and appeal, the effectiveness of proposed methods of distributing relief to the Class, including the method of processing Class Member Claims, and the separate award of attorney's fees and costs, which does not dilute benefits available to the Class.

8. In finding the Mercedes Settlement to be fair, reasonable, and adequate, the Court has also assessed the Class Action Settlement under the nine factors identified in Third Circuit

precedent for determining whether a class settlement is reasonable and fair. *See Girsh v. Jepson*, 521 F.2d 153, 157 (3d Cir. 1975); *In re Ins. Brokerage Antitrust Litig.*, 579 F.3d 241, 257–58 (3d Cir. 2009). It has also examined the additional factors identified in *In re Prudential Insurance Co. of America Sales Practices Litigation*, 148 F.3d 283, 323 (3d Cir. 1998), for further assessment of whether final approval is appropriate. The Court finds that each *Girsh* factor, and each applicable *Prudential Insurance* factor, supports approval of the Mercedes Settlement.

(a) The complexity, expense, and likely duration of the litigation. This case presents complex factual and legal questions that, absent settlement, would have to be resolved through extensive proceedings for which the outcome is uncertain, including contested class certification proceedings involving experts and an extensive factual record, *Daubert* challenges, summary judgment briefing, and a complicated, lengthy trial of any claims that would survive summary judgment. An appeal would almost certainly follow any ruling on class certification, summary judgment, and/or trial, whatever its outcome, thereby further delaying this case's final resolution for a period of months or even years. As such, it is clear that litigation of this matter would be time-consuming, uncertain and expensive and that approval of the Mercedes Settlement would secure a prompt and efficient resolution of the Class's claims against the Mercedes Defendants permitting substantial recovery without further litigation, delay, expense, or uncertainty.

(b) The reaction of the Class to the Mercedes Settlement. Class Member reaction to the Mercedes Settlement is overwhelmingly positive. There have been only 18 objections and the number of opt outs is less than one percent, clearly indicating overwhelming support for the Mercedes Settlement from the Class. For the reasons explained in the Motion,

the objections do not raise serious concerns about the fundamental fairness of the Mercedes Settlement or warrant the Court not approving it.

(c) The stage of the proceedings and the amount of discovery completed.

Before the Mercedes Settlement was filed, the Parties had been engaged in litigation for over four years. The Settlement Class Representatives have filed five different versions of the Complaint and the Parties have gone through multiple rounds of dispositive motion briefing. In the several years that this Action has been pending, there has been extensive discovery. Discovery has included depositions, the production of voluminous documents and large amounts of data, and responses to multiple rounds of written discovery requests. The Action has also involved numerous discovery disputes involving complex issues requiring extensive briefing to resolve, and involved an experienced Special Master, the Honorable Dennis Cavanaugh (ret.). These proceedings represent years of sustained advocacy by counsel, which gave them a proper understanding of the Action's merits before they negotiated the Mercedes Settlement.

(d) The risks of establishing liability and the risks of establishing damages.

The risks surrounding a trial on the merits are always considerable. Absent the Mercedes Settlement, many obstacles could have prevented the Class from obtaining any recovery, even before reaching trial. The Parties were still in the midst of discovery and the Settlement Class Representatives faced considerable risk in facing summary judgment and class certification motions. Even if the Settlement Class Representatives were able to maintain the Action beyond summary judgment and class certification, the Settlement Class Representatives' methods for determining and calculating their alleged damages has been vigorously disputed by the Mercedes Defendants. The Settlement Class Representatives' ability to establish both liability and

damages hinges in large part on expert testimony, which is admissible only if it meets the requirements of the Federal Rules of Evidence and *Daubert*. Accordingly, without a settlement, the Court would need to resolve a “battle of the experts” that could result in exclusion of the principal evidence supporting the Settlement Class Representatives’ claims. Settlement Class Representatives had no guarantee that they would make it to trial, win at trial, and/or win on appeal. Even if they did win at trial and on appeal, relief for the Class was likely years away as a result of the lengthy litigation process. The Mercedes Settlement eliminates these risks, cuts through the delay, and provides immediate and significant benefits to Class Members. The substantial and immediate relief provided to the Class under the Mercedes Settlement weighs heavily in favor of its approval compared to the inherent risk of continued litigation, trial, and appeal.

(e) The risks of maintaining class action status through trial. If this Court certified a class under Rules 23(a) and (b) and the case proceeded to trial, the Court would still retain the authority to decertify or modify the Class during trial if it became unmanageable or class certification was otherwise found to be inappropriate. Here, the Mercedes Defendants have indicated that they would preserve their objections to class certification and would contest certification if the case proceeded to trial, raising the possibility that the complex facts here could lead the Court to modify or decertify the class if the litigation proceeds. This factor therefore weighs in favor of approving the Mercedes Settlement.

(f) The ability of the Mercedes Defendants to withstand a greater judgment. The Third Circuit has explained that the mere fact that the Mercedes Defendants “could afford to pay more” in a judgment than they are agreeing to pay in a settlement “does not mean that

[defendants are] obligated to pay any more than what [the] class members are entitled to under the theory of liability that existed at the time the settlement was reached.” *In re Warfarin Sodium Antitrust Litig.*, 391 F.3d 516, 538 (3d Cir. 2004). Thus, regardless of whether the Mercedes Defendants could withstand a judgment greater than the amount of the Mercedes Settlement Settlement—and the Court makes no findings on that issue—the proposed Mercedes Settlement represents a fair, reasonable, and adequate payment under the Class Members’ theories of liability.

(g) The range of reasonableness of the Mercedes Settlement in light of the best possible recovery and in light of all the attendant risks of litigation. To assess the last two *Girsh* factors, the Third Circuit requires a comparison of “the amount of the proposed settlement” with “the present value of damages plaintiffs would likely recover if successful, appropriately discounted for the risks of not prevailing.” *Warfarin*, 391 F.3d at 538. Reference points for this analysis include estimates of the recoverable damages submitted by the parties’ experts, *see id.*, and the relief sought in the complaint, *In re Gen. Motors Corp. Pick-up Truck Fuel Tank Prods. Liab. Litig.*, 55 F.3d 768, 810 (3d Cir. 1995), *cert. denied sub nom., Gen. Motors Corp. v. French*, 516 U.S. 824 (1995). While the Settlement Class Representatives did not provide a damage estimate in the Fifth Consolidated and Amended Class Action Complaint, the Court has in its experience reviewed settlement amounts in similar cases to compare to the recovery in the Mercedes Settlement. The Benefits in the Mercedes Settlement represent a substantial recovery, particularly in light of the risks and costs of litigation. This factor therefore weighs in favor of approving the Mercedes Settlement.

(h) Applicable Prudential Insurance factors. The Third Circuit in *Prudential Insurance* also instructed district courts to consider, “when appropriate,” other factors. *See* 148 F.3d at 323. The *Prudential Insurance* factors applicable here also support finally approving the Mercedes Settlement. As discussed above, discovery has been extensive and establishes that the Mercedes Settlement represents an appropriate “assess[ment of] the probable outcome of a trial on the merits of liability and individual damages.” *Id.* The Mercedes Settlement also gave Class Members “the right to opt out of the settlement.” *Id.* “[T]he procedure for processing individual claims under the settlement is fair and reasonable.” *Id.* And the Mercedes Settlement’s “provisions for attorneys’ fees are reasonable.” *Id.*

9. In light of its analysis of the *Girsh* and *Prudential Insurance* factors, the Court finds that the Mercedes Settlement is fair, reasonable, and adequate, and in the best interests of the Class. The Court fully approves all terms of the Mercedes Settlement, and approves the modified Class Notice Documents, claim form, and Individual Release (which were submitted as exhibits to the Bosch Settlement) for use in connection with the Mercedes Settlement. The terms of the Mercedes Settlement and this Final Approval Order and the Final Judgment are binding on the Settlement Class Representatives and all Class Members, as well as their heirs, executors and administrators, successors, assigns, and all other Persons to the fullest extent provided for in the Mercedes Settlement.

10. The Releasing Parties are hereby permanently barred and enjoined from: (a) filing, commencing, asserting, prosecuting, maintaining, pursuing, continuing, intervening in, participating in (as class members or otherwise) or receiving any benefits from any lawsuit, arbitration, administrative, or regulatory, or other proceeding or order in any jurisdiction based

upon or asserting any or all of the Released Claims against one or more Released Party; (b) instituting, organizing class members in, joining with class members in, amending a pleading in or soliciting the participation of class members in any action, including but not limited to a purported class action, in any court against one or more Released Party based on, involving, or incorporating, directly or indirectly, any or all of the Released Claims, and (c) filing, commencing, asserting, prosecuting, maintaining, pursuing, continuing, intervening in, participating in (as class members or otherwise) or receiving any benefits from any lawsuit, administrative or regulatory proceeding or order in any jurisdiction based on an allegation that the Mercedes Defendants' compliance with the provisions of the Mercedes Settlement violates any legal right of any Class Member.

11. The Release set forth in Section 10 of the Mercedes Settlement (and all definitions and other provisions of the Mercedes Settlement regarding that Release) are incorporated herein by reference and all Settlement Class Representatives and Class Members shall be fully subject to all of these provisions.

12. The Court has carefully reviewed Class Counsel's application for an award of attorneys' fees and costs and hereby awards attorneys' fees to Class Counsel in the amount of \$80,200,000.00 and costs in the amount of \$3,200,000.00 to be paid by the Mercedes Defendants in addition to the compensation available to the Class. The Court directs these fees, costs, and awards to be paid in accordance with the Mercedes Settlement.

13. The Court finds that the amount of attorneys' fees awarded is appropriate and that the amount of attorneys' fees awarded is fair and reasonable under either the "percentage-of-recovery" or lodestar method.

14. In making this award of attorneys' fees and costs, the Court has considered the factors enumerated in *Gunter v. Ridgewood Energy Corp.*, 223 F.3d 190, 195 n.1 (3d Cir. 2000) and *Prudential Insurance*, 148 F.3d at 339 and found that:

(a) Class Members who are eligible for payments will benefit from the Mercedes Settlement that occurred due to the efforts of Class Counsel;

(b) After implementation of the Class Notice Program, only two Class Members objected to the Fee Request;

(c) Class Counsel achieved the Mercedes Settlement with skill, perseverance, and diligent advocacy;

(d) This Action involved complex factual and legal issues, and, in the absence of the Mercedes Settlement, would involve further lengthy proceedings with an uncertain resolution if the case were to proceed against the Mercedes Defendants;

(e) The risk of nonpayment was high, particularly given the complexity of the case, because Class Counsel pursued this case on a contingent basis and received no compensation during the duration of the litigation;

(f) Class Counsel and other attorneys designated by Class Counsel expended 25,948.55 hours in this case and billed their services at reasonable hourly rates;

(g) The amount of fees requested is consistent with awards in similar cases and supported by public policy; and

(h) The amount of costs requested is fair and reasonable and necessary for the prosecution and settlement of the claims against the Mercedes Defendants.

15. The Court authorizes Class Counsel to allocate the fee award.

16. The Settlement Class Representatives are to receive a service award as follows: \$5,000 each for Terry Garmey, Keith Hall, John Laurino, Michael Medler, and Charles Wolford; and \$2,500 each for Catherine Roberts, Adrian Clive Roberts, Susan Albers, John Lingua, Bobby Hamilton, Scott Morgan, Maryana Melnyk, Jeff Findlay, Gustavo Fraga-Errecart, Hassan Zavareei, Craig Thorson, Richard Yanus, Thomas Weiss, Freddie T. Holbrook, Robert Trepper, Andrew Deutsch, Wendell A. Dingle, Caroline A. Ledlie, Shelby A. Jordan, Seid Dilgisic, Tiffany Knight, Ulyana Lynevyh, Robert Gershberg, Randolph Rolle, Melanie Johnson, Lars Dannberg, Walter Louis, Jr., and Vincent Minerva. These amounts are fair and reasonable compensation for their efforts in prosecuting the claims in the Mercedes Settlement. The service award is to be paid in addition to any Class Member Payment.

17. The awarded attorneys' fees and costs, and Settlement Class Representative service awards, are to be paid and distributed in accordance with the Mercedes Settlement.

18. This Final Approval Order covers, without limitation, any and all claims for attorneys' fees and expenses, costs or disbursements incurred by Class Counsel or any other counsel representing the Settlement Class Representatives or Class Members, or incurred by Settlement Class Representatives or Class Members, in connection with or related in any manner to the claims against the Mercedes Defendants in this Action, the Mercedes Settlement, the administration of the Mercedes Settlement, and/or the Released Claims. No further application for an award of attorneys' fees or costs may be made by any counsel.

19. The terms of the Mercedes Settlement, this Final Approval Order, and the Final Judgment shall have *res judicata*, collateral estoppel and all other preclusive effect in any and all claims for relief, causes of action, suits, petitions, demands in law or equity, or any allegations of

liability, damages, debts, contracts, agreements, obligations, promises, attorneys' fees, costs, interests, or expenses which are based on or in any way related to any and all claims for relief, causes of action, suits, petitions, demands in law or equity, or any allegations of liability, damages, debts, contracts, agreements, obligations, promises, attorneys' fees, costs, interest, or expenses which were asserted in the Action against the Mercedes Defendants or included in the Released Claims.

20. Any and all objections to the Mercedes Settlement are overruled.

21. The Parties and their counsel are ordered to implement and to consummate the Mercedes Settlement according to its terms and provisions.

22. The Parties are authorized, without further approval from the Court, to agree to and to adopt such amendments, modifications, and expansions of the Mercedes Settlement, the Class Notice Documents, claim form, and Individual Release: (i) as are consistent with the Final Approval Order and the Final Judgment, and (ii) which do not limit the rights of Class Members under the Mercedes Settlement.

23. In the event that the Class Action Settlement does not become effective according to the terms of the Class Action Agreement, this Final Approval Order shall be rendered null and void as provided by the Class Action Agreement, the Final Approval Order shall be vacated, all orders entered and released in connection herewith shall be null and void to the extent provided by and in accordance with the Class Action Settlement, and the Parties will be returned to their positions status quo ante as of the date immediately before the Parties' execution of the Class Action Agreement.

24. Without affecting the finality of this Final Approval Order and the Final Judgment in any way, the Court expressly retains continuing and exclusive jurisdiction over the Action, the Parties, and the Class, and the administration, enforcement, and interpretation of all terms of the Mercedes Settlement, this Final Approval Order, and the Final Judgment, and to continue to preside over any unsettled claims.

A separate judgment consistent with this Order will issue pursuant to Fed. R. Civ. P. 58.

**IT IS SO ORDERED.**
